

From the Year Head's Desk

Dear Parents,

Greetings! We are coming towards the end of Term 1.

The school commemorated Total Defence Day (TDD) on 14 February. In conjunction with TDD, several activities were conducted for the students from 7 to 25 February. One of these activities was the SGSecure Exhibition held at the school foyer. This exhibition was held to reiterate the importance of everyone playing their part to prevent and respond in the event of a terrorist attack. Students visited the exhibition during their Social Studies lesson and much excitement was generated among the students during their visit.

OFFICIAL (CLOSED OFFICIAL) / SENSITIVE (NORMAL)

In line with Total Defence Day, the school also carried out its first Fire Drill on 10 February. Prior to that, students were thoroughly briefed on the various aspects of safety and how to conduct themselves during a Fire Drill. Students were explicitly reminded that their safety is paramount and should never be compromised. During the Fire Drill exercise, students were able to execute proper safety rules and follow through instructions well.

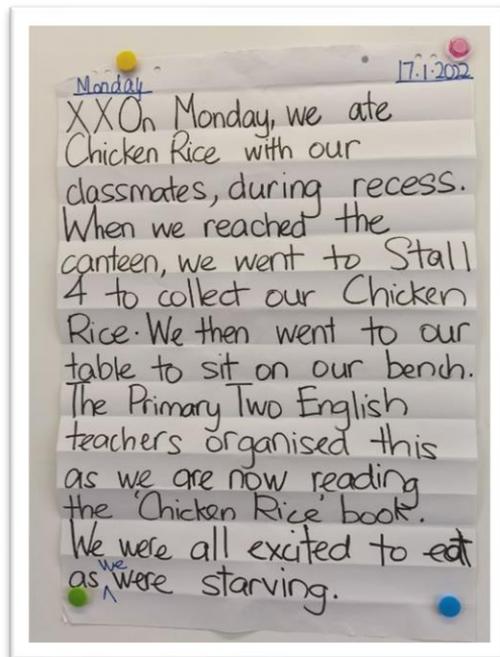

Students listening attentively during the Fire Drill briefing

As part of Primary 2 English Language STELLAR curriculum, students had their Chicken Rice eating experience as part of their Modified Language Experience Approach (MLEA). After reading the Big Book on Chicken Rice, they were brought to the canteen to have a first-hand experience how Chicken Rice was prepared and an added treat to a plate of chicken rice. It was a yummy surprise for all! The shared experiences provided the context and content for the students to think and talk about. The class brainstormed and wrote a class writing on the experience.

Class writing on the shared experience

On 18 February, students redeemed their first token for the SOAR redemption Card Programme. These students are rewarded based on the demonstration of school values, safe behaviours, social skills, timeliness and leadership qualities. We hope the students will continue to keep up the good job!

The fun activities planned, and skills taught to our students have indeed prompted much learning and invaluable exposure for all.

See you next time!
