Speech and Drama

Primary 1 and 2 students have embarked in an 8-week drama programme with Act 3 Drama Academy this Term.

Through drama, students are encouraged to think and act creatively thus developing critical thinking and problem-solving skills. These useful skills learnt can also be applied to other areas of their learning.

During the lessons, students learnt the 5 P's in drama - Pronunciation, Pitch, Pace, Pause and Power. They also learnt the importance of improvising during a drama performance. Students will be performing in the school library drama stage for their peers at the end of the 8-week programme.

Students learning and enjoying their drama lessons.

A Butterfly is Born

Students releasing their butterflies in the school garden.

Experiential learning is designed to engage students' emotions as well as enhancing their knowledge and skills.

Through Shared Book Approach, Primary 2 students read the STELLAR Big Book - A Butterfly is Born. Students not only learnt about the life cycle of the butterfly through the text, they also have the firsthand experience to witness the butterfly gone through metamorphosis.

Each class was tasked with the duty of looking after a caterpillar. While taking care of their caterpillars, students also learnt the values of care, responsibility and patience. After a few weeks, the students finally bade farewell to their butterflies as they released them in the school garden.

International Friendship Day

The school commemorated International Friendship Day on 3rd April 2023. It is a day to recognise the importance of connectedness between our neighbouring countries, celebrate the region's diversity and vibrancy and to promote the spirit of friendship and collaboration. The theme for this year International Friendship Day is Singapore in Asia.

During recess, the students engaged in various games booths and learnt more about the ASEAN countries.
