## ASSESSMENT MATTERS 2018

### 1. ASSESSMENT AT CONCORD PRIMARY SCHOOL (CPS)

Assessment is an on-going process and is integral to teaching and learning (T&L). In CPS, we believe that assessment can take place all the time when teachers interact with their students through observations. We strike a balance between summative and formative assessment practices. With the right assessment strategies, we will be able to enhance T&L, develop confidence in students and motivate them to want to learn more.

Leveraging assessment as a means to support learning, teachers can find out what students have learned and how well they have learned. With the information, we can address the learning gaps and misconceptions.

### 2. P1 & 2 BITE-SIZED ASSESSMENT

The school has moved away from an overly strong emphasis on examinations in Primary 1 & 2 and is using bite-sized forms of assessment to help build students' confidence and desire to learn. This move will smoothen student transition from pre-school to primary school. These reviews allow the teachers to ascertain the mastery level of the students for the topics taught so that they can conduct timely intervention on areas of concern.

#### Mathematics

Besides conceptual understanding and developing thinking skills, reasoning and real-world applications is also emphasised in Mathematics. Hands-on activities and performance tasks provide opportunities for students to connect their learning and to apply them to real-life situations. Rubrics will be used to monitor students' progress and provide feedback to both the students and their parents.

#### English & Mother Tongue Languages

There are language skills, which are not observable in pen-paper tests. Your child's developmental progress will be monitored through different forms of assessments throughout the year. The table below tabulates some of the traits that will be observed in the classroom.

Main Component / Skill	English Language	Chinese Language	Malay Language	Tamil Language

### 3. ASSESSMENT WEIGHTING

Appended below is the assessment structure for your reference. We encourage all parents to monitor your children's homework and to ensure that time is set aside every day for them to study and revise what had been completed.

Level	Term 1	Term 2	Term 3	Term 4
P1	-	20%	30%	50%
P2	-	30%	30%	40% (SA2)
P3	-	40%	-	60%
P4	-	40%	-	60%
P5	-	40%	-	60%
P6	100% (CA1)	100% (P6 SA1)	100% (P6 Prelim)	PSLE

#### 4. SCHOOL EXAMINATION POLICY

The following table indicates the various codes, which can be printed on the Result Slips of students who are absent for any component/paper during the examination.

Code	Reasons For Absence	School Action
AB	Absence Without A Valid Reason	Score of '0' is entered for component/paper missed
MC	Absence With Medical Certificate	Component(s)/ paper(s) missed will not be used for the computation of Overall Results. <u>These students will not be disadvantaged in any way.</u> Copies of the examination paper(s) missed will also be given to them for reference/practice at home.
VR	Absence With Valid Reason <b>(Official supporting documents must be submitted; letter of excuse from parent is NOT acceptable)</b>	

Please also note that:

- Any student who is late for the examination will not be given extra time. If a student is late for half an hour or more, the Principal will have the discretion to decide if he/she is allowed to sit for the examination.
- We will take strict action against any student caught cheating during the examinations as integrity must be upheld at all times.
- Students who are not well will **NOT** be allowed to sit for the examination even if they turn up in school. Parents will be asked to take them home.
